

Notice of Utility Tariff Filings

The REGULATORY COMMISSION OF ALASKA (Commission) gives notice that Anchorage Water and Wastewater Utility (AWWU) filed TA176-122 and TA177-126 for its water and sewer utilities, respectively, seeking to establish a Plant Replacement and Improvement Surcharge Mechanism (PRISM) pursuant to 3 AAC 52.800 – 3 AAC 52.890. The PRISM surcharge allows AWWU to recover the fixed costs of eligible plant additions that have not previously been reflected in base rate calculations and have been placed in service between general rate cases.

AWWU proposes to update the PRISM surcharge annually to reflect plant placed in service as of December 31 of the prior year. The PRISM surcharge is calculated by dividing annual eligible fixed costs by the projected annual revenue. With these filings, AWWU proposes initial surcharges of 1.85 percent for water and 0.81 percent for wastewater.

This notice does not contain all pertinent revisions and the Commission may approve a rate or classification which varies from that proposed.
